# COURSE SYLLABUS

**Course Title:** Basic Medical Support  
**Date submitted:** April 2008 (08-91)  
**Department:** Allied Health  
**Curriculum:** Dental Hygiene/Dental Assisting

| Course Code: | HLT*112  
| Course Type: | X  

| A: Clinical | B: Lab | D: Distance Learning |  
| I: Individual/Independent | L: Lecture | N: Seminar |  
| Internship | P: Practicum | U: Studio |  
| X: Combined Lecture/Lab | Y: Combined Lecture/ 

**Course Code:** (eg. ACC 101)  
**Course Type:**  
A: Clinical  
B: Lab  
D: Distance Learning  
I: Individual/Independent  
L: Lecture  
N: Seminar  
Internship  
P: Practicum  
U: Studio  
X: Combined Lecture/Lab  
Y: Combined Lecture/  

| Elective Type: | G  
| AH: Art History | E: English | FA: Fine Arts | FL: Foreign  
| Language | G: General | H: History | HU: Humanities  
| LAS: Liberal Arts & Sciences | M: Math | S: Science | SS: Social Science  
| Credit Hours: | 2  
| Developmental: | No  
| Lecture: | 1  
| Clinical: | 1  
| Lab: | 0  
| Studio: | 0  
| Other: | 0  
| TOTAL: | 2  
| Class Maximum: | 9  
| Semesters Offered: | F/Sp

**Prerequisites:** None

**Corequisites:** None

**Other Requirements:** None

**Ability-Based Education (ABE) Statement:** At Tunxis Community College students are assessed on the knowledge and skills they have learned. The faculty identified the General Education Abilities critical to students' success in their professional and personal lives. In every class, students are assessed on course abilities, sometimes program abilities, and, in most classes, at least one General Education Ability. Students will receive an evaluation of the degree to which they have demonstrated or not demonstrated that General Education Ability.

**Catalog Course Description:** Provides professionals (police, fire, coaches, athletic trainers, life guards, educators, public safety, medical and dental personnel, etc.) with knowledge and skills in providing basic emergency medical care until further assistance arrives. Focus on cardiopulmonary resuscitation (2 person CPR) training for the professional. Certification will be granted upon successful completion.

**Topical Outline:** List course content in outline format.

1. Human physiology overview  
2. Disease transmission prevention/exposure control plan/bloodborne pathogens  
3. Legal aspects  
4. Adult and child respiratory distress (hypo-hyper ventilation, asthma), artificial respiration, obstructed airway maneuver  
5. Infant respiratory distress, artificial respiration, obstructed airway maneuver
### Outcomes:

Describe measurable skills or knowledge that students should be able to demonstrate as evidence that they have mastered the course content.

| 6. Cardiac emergencies (including angina pectoris) and automated external defibrillation. |
| 7. Adult CPR: one rescuer and two rescuer |
| 8. Child and infant CPR |
| 9. Injuries to oral/facial structures, muscles, bones & joints: splinting, stabilization and transfer |
| 10. Wounds: controlling bleeding, soft tissue injuries, bandaging |
| 11. Sudden illnesses: cerebrovascular incident/stroke, seizures, diabetic emergencies, imminent birth, dizziness and fainting, allergic reactions |
| 12. Environmental emergencies: hypothermia and cold emergencies, heat emergencies, burn emergencies |
| 13. Poisoning, bites and stings |
| 14. Shock |
| 15. Confined spaces |
| 16. Managing medical emergencies: drug-related, altered consciousness, respiratory distress, unconsciousness |

### Upon successful completion of this course, the student will be able to do the following:

1. identify ways diseases are transmitted and implement standard precautions to ensure personal safety during basic medical support
2. develop a basic medical support action plan
3. identify and provide basic medical support for various emergencies and injuries
4. provide basic life support techniques for infant, child, and adult cardiopulmonary resuscitation as a professional/healthcare rescuer
5. demonstrate placement and operation of an Automated External Defibrillator (AED)

### PROGRAM:

(Numbering reflects Program Outcomes as they appear in the college catalog.)

N/A

### GENERAL EDUCATION:

(Numbering reflects General Education Outcomes as they appear in the college catalog.)

### Evaluation:

List how the above outcomes will be assessed.

Assessment will be based on the following criteria:

- written exams
- performance skills

### Instructional Resources:

List library (e.g. books, journals, online resources), technological (e.g. Smartboard, software), and other resources (e.g. equipment, supplies, facilities) required and desired to teach this course.

**Required:**

Faculty must maintain current instructor certification by the American Red Cross/American Heart Association at the CPR Professional/Healthcare provider level and first-aid to grant certification for students.

- Videos, CD/DVDs
- Adult, Junior and Infant CPR mannequins
- Automated External Defibrillation Training Units
- Bag valve resuscitation masks

Students must have a one-way valve resuscitation mask and purchase
