CENTRAL CONNECTICUT STATE UNIVERSITY SCHOOL OF BUSINESS

- If three years not completed in high school, two semesters of a single foreign language required at CCSU.
- A minimum 2.5 GPA is required in ACC 113, ACC 117, ECN 101, ECN 102, ENG 101, ENG 106, MAT 165 and MAT 190 for entry to CCSU's School of Business.
- Additional coursework beyond the Associates Degree that can transfer to the CCSU School of Business: MAT 222 (Stats II), two Behavioral Science courses (from PSY/SOC/ANT), and a 200-Level Literature Course.

EASTERN, SOUTHERN, OR WESTERN CSU / CHARTER OAK STATE COLLEGE / PRIVATE UNIVERSITIES

- Tunxis' Business Administration program has articulation agreements with all of the Connecticut State Universities, Charter Oak State College, Goodwin College, Post University, University of St. Joseph, Quinnipiac University, University of Hartford and more.
- Students transferring into a private four-year business program should check their intended institution's transfer policy.

UConn - HARTFORD, STAMFORD, AND WATERBURY CAMPUSES

- To be considered for the Business Data Analytics or Business Administration regional program, a minimum 3.0 GPA is required upon graduation from Tunxis. Please see your advisor for the latest advising information.
- Students participating in The University of Connecticut Guaranteed Admissions Program (GAP) should be enrolled in Liberal Arts.

2016-17 Business Administration Associates Degree Graduation Guide

CAREER SKILLS PLAN OF STUDY

- The Business Administration Career associates degree program prepares graduates for entry-level employment in private, public, and governmental agencies as accounting, finance, management, or marketing trainees.
- This program is of considerable benefit to employed students looking for professional development or students who hold degrees in unrelated areas and are looking for career skills or a career change.
- Students pursuing a specific business career after graduation should choose a Business Specialization Certificate (below left) for additional skills. Each certificate fits seamlessly into the BA associates degree.
- Although many courses in this program will transfer to a bachelor's degree program, it is possible that some will transfer only as electives. Students planning to earn a bachelor's degree should follow the transfer guide on the reverse side.

ACCOUNTING CERTIFICATE

ACC 113 – Principles of Financial Acct *
