Blackboard is the “Learning Management System” (LMS) used to deliver online, hybrid, and web-enhanced courses.

You will have access to your on-campus, online, or hybrid courses seven days before the semester starts. Some on-campus courses may not utilize the Blackboard course shell. Please inquire with your instructor about their use of the online course shell.

In addition to the courses that you have registered for, you will have access to a “Blackboard Learn Student Orientation” course for early viewing.

The "Course Menu" may change slightly from course to course.

Clicking on the menu item will take you to that content area, module or tool.

Please note: Some instructors may utilize the "Email" or "Course Messages" tool while others may not use either OR may use both (Check your syllabus for specifics).

- **Email** – is an external email tool that utilizes your Office 365 email account.
- **Course Messages** - are internal to the Blackboard environment.
